Technology Enhancements

Description	Quantity	Cost	Notes / Funding Source
Teacher laptops	185	\$156,575	Replaced devices that were 3-4 years old <i>Paid for with FY 2020 funds</i>
Student Chromebooks	1,200	\$343,200	Achieves 1:1 device ratio for all students <i>Paid for with CARES funds from towns</i>
Zoom subscription	1	\$10,000	Needed for remote learning <i>Paid for from FY 2021 budget</i>
Desktop speakers	100	\$12,200	Improves audio for remote learners <i>Paid for from FY 2021 budget</i>
Clear Touch monitors	121	\$85,000	1 st payment of 5-year financing plan <i>Paid for from FY 2021 budget</i>
TOTALS		\$606,975	

5

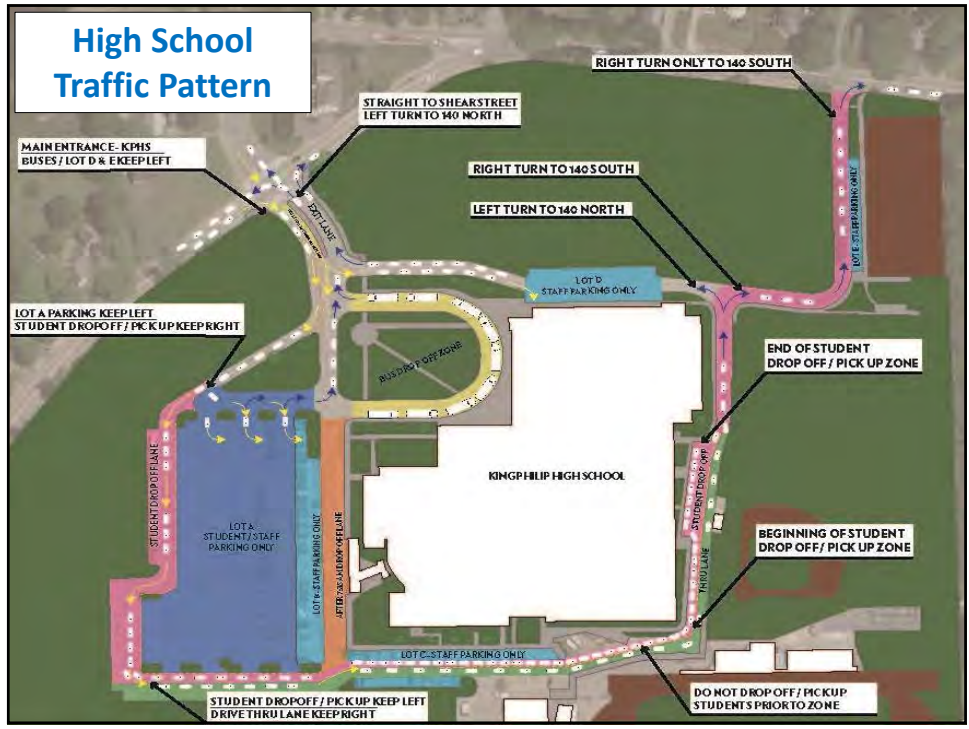

Almost **\$1 million** worth of technology has been introduced this year alone.

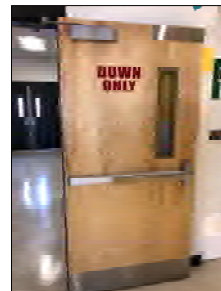

6

7

Safety Features

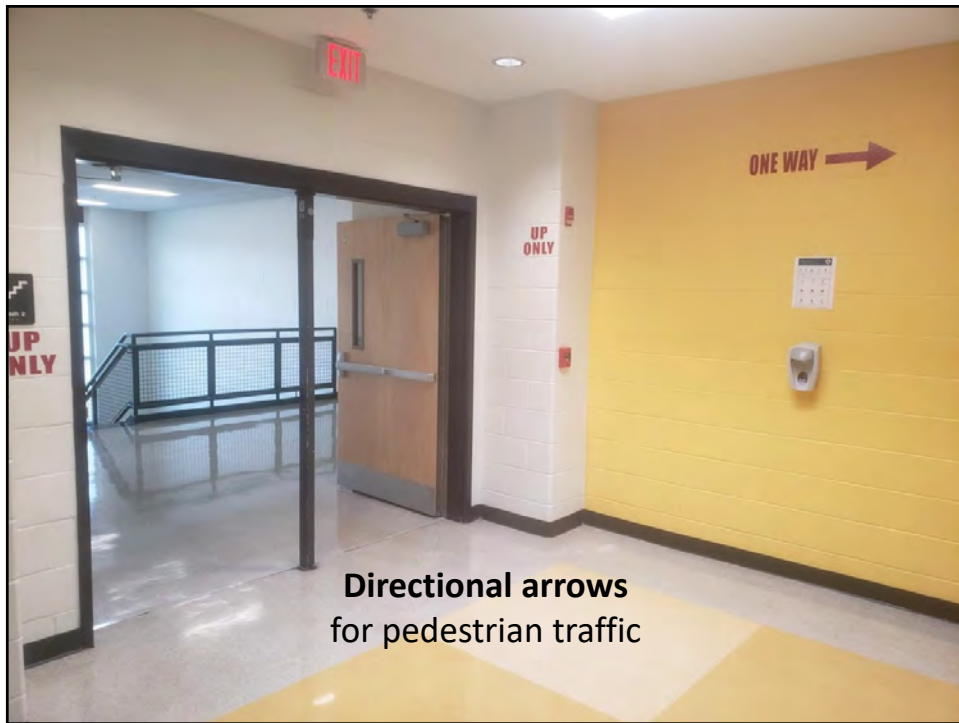

- **Personal Protective Equipment (PPE)**
 - Masks, gloves, gowns, face shields
- **Drinking fountains** for filling bottles only
- **Hand sanitizing stations**
 - 250 between both buildings
 - At all external doors and hallways
 - Individual bottles also in each class

8

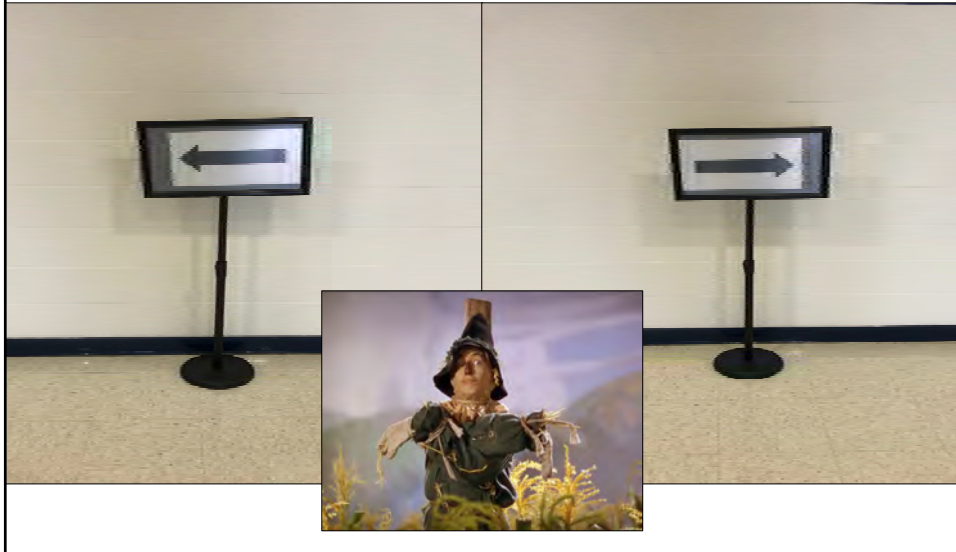

9

10

Directional arrow signs for pedestrian traffic at the middle school can be rotated to reverse the direction at different times of the day.

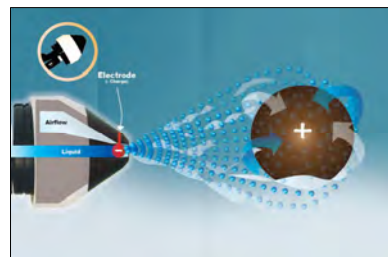

11

Safety Features

- **Cleaning products**

- Disinfecting wipes in each classroom for student desks
- Super sani-cloth wipes, Flexi wipes, Lysol wipes
- All products have safety data sheets on file
- 8 electrostatic sprayers

12

Hygiene Safety

- **Bathrooms**

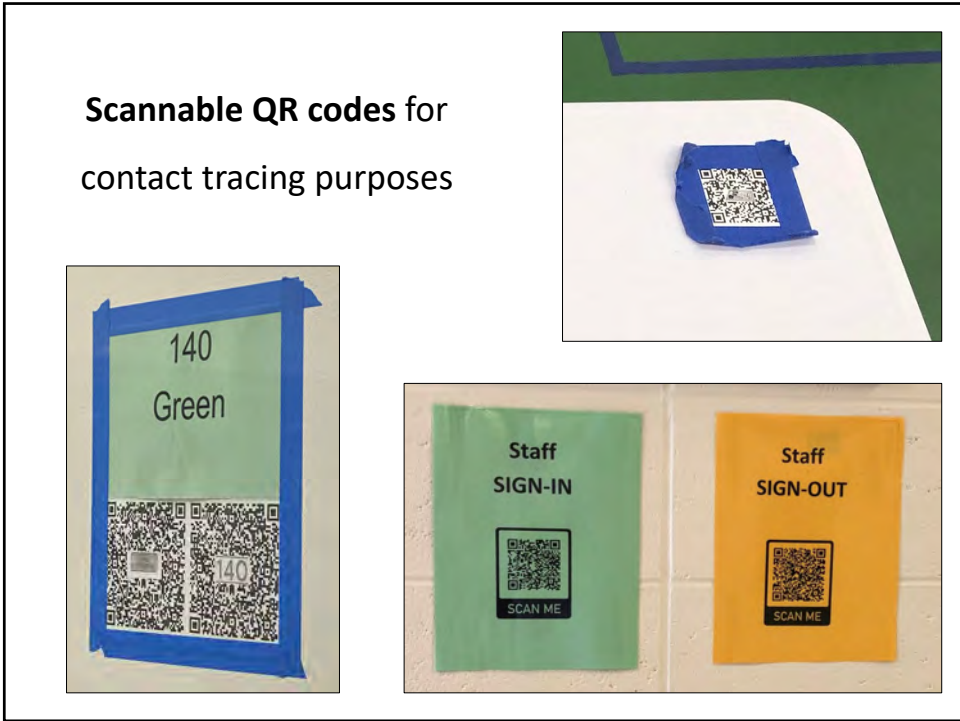

- Dividers installed between sinks
- Touch-free towel dispensers
- Faucets adjusted/replaced for longer run times
- Social distancing markers on floors

13

14

15

16

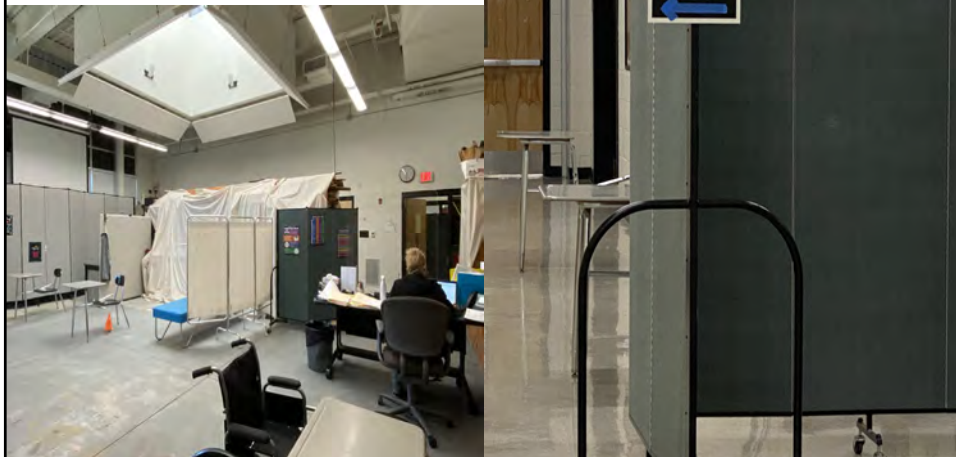

Air Quality Safety

- **HVAC systems**

- Both buildings professionally maintained every year with preventive service for all rooftop units & air circulators
- MERV 8 filters used as designed & recommended by system manufacturers
 - Anything higher than MERV 8 would reduce airflow and potentially damage unit motors & electrical components
- Programmed to increase outdoor air resulting in 6-10 exchanges per hour

17

Separate nursing offices in each school for students or staff displaying COVID symptoms.

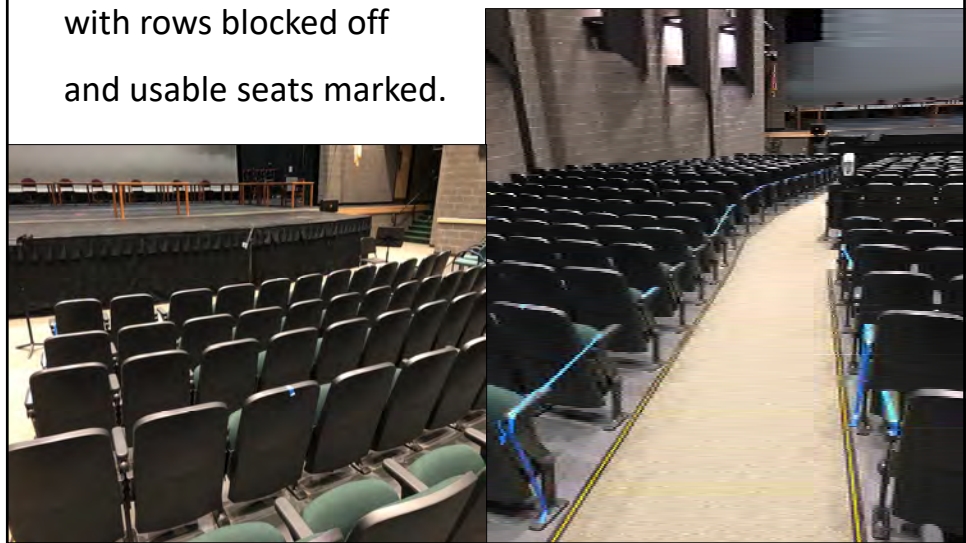

18

Classrooms desks have been only 3 feet apart since the beginning of the school year, the lowest allowable distance per DESE and CDC guidelines, therefore rendering return-to-school announcements moot relative to KP.

19

Auditorium seats are 6 feet apart for instructional learning as well as events such as Town Meeting, with rows blocked off and usable seats marked.

20

Teacher desks removed from classrooms to create more space for student desks.

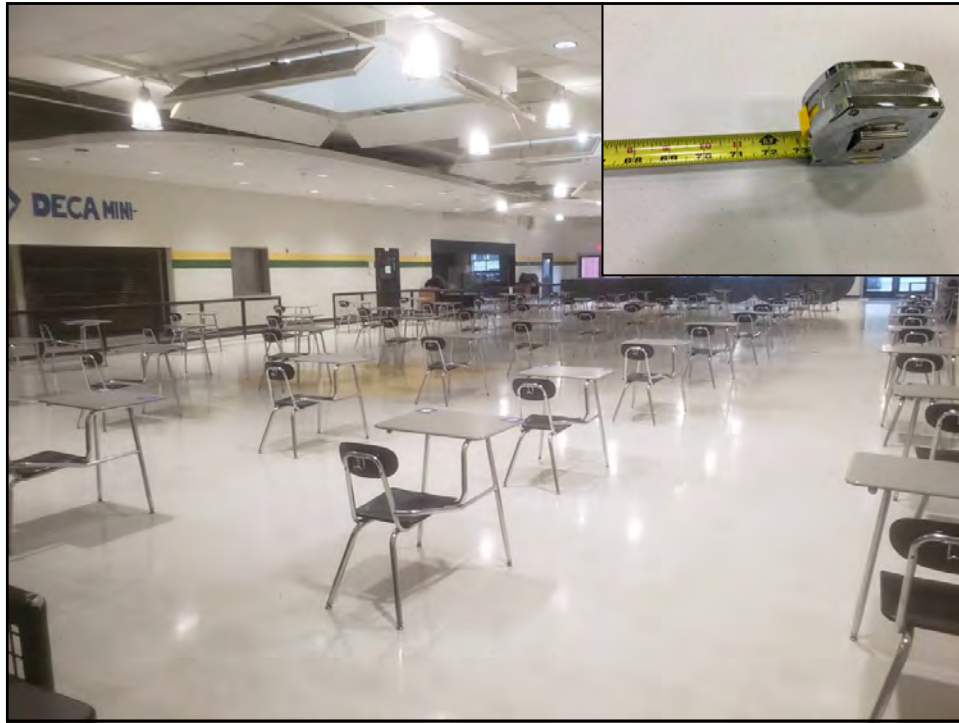

21

Safety Features

- **2-3 custodians** moved to mid-shift in each building to increase daytime cleaning
- **Removed furniture** to maximize student capacity (file cabinets, desktop computers, etc)
- **Socially-distant** and compliant cafeteria seating, with overflow in gyms / field house

22

23

24

Custodial Checklists

- **Detailed listing of tasks** to be performed, along with frequency required
- **Numerous additional tasks** and/or frequencies added based on COVID-19
 - Clean & disinfect desks between classes
 - Clean bathrooms more frequently during the day
 - Clean & disinfect drinking fountains / filling stations
 - Clean high-touch points throughout the day

25

Custodial Checklists (example)

Area	Task	Multiple times per day	Daily	Weekly	Monthly	Vacation	Annual	As Needed
Classrooms	Dust all horizontal surfaces		x					
	Clean and disinfect desks	x	x					
	Disinfect desks with electrostatic sprayer		x					
	Empty pencil sharpeners		x					
	Dry mop & vacuum floors		x					
	Remove graffiti		x					
	Empty waste baskets & recycle bins		x					
	Clean and disinfect doors & glass, sinks & fixtures		x					
	Adjust blinds, drapes & shades		x					
	Replace non-functioning light bulbs		x					
	Notify facilities department of any cleaning or safety problems		x					x
	Wash & clean windows & woodwork						x	x
	Spot clean walls						x	x
	Clean walls, ceilings, light fixtures & furniture							x
	Strip & finish floors							x
	Shampoo rugs						x	x
