UNFINISHED BUSINESS:
FY17 Annual Budget Approval:
Mr. Schaefer presented highlighted changes in a memo dated March 4, 2016 based upon a Finance Subcommittee meeting on March 1, 2016. He explained a reduction from the budget public hearing of an additional $222,000 that includes a savings of $100K due to a mistake found in the formula related to extra per diem pay. He also noted the need to increase school committee conferences to $15,000 as the committee has been taking advantage of more professional development opportunities and Mr. Francomano’s conference attendance will no longer be covered by MASC as his term as an officer has expired. Mr. Gee commented that this summary is a very useful document. Discussion ensued on E&D. Mr. Schaefer indicated that an audit is still being done and E&D is estimated at $1M which is a 3% value. Some of which is earmarked for some capital items, and the security vestibules for the schools could be about $300K as well as holding some funds for negotiations with the towns. A firm E&D figure should be available by the end of March.

**FY17 Program of Studies:**
**Middle School (2nd Reading) – no changes:**

- A Motion was made by Mr. Gee, seconded by Mr. Killion, to approve the FY17 Middle School Program of Studies. All in favor.

**FY17 High School (2nd reading): Dr. Oliveira**

In a memorandum dated March 7, 2016, Dr. Oliveira provided the School Committee with an update to the Honors Academy requirements based on data review. Students will take 6 AP courses as a minimum and four will be required.

There was an addition to the Course override policy to reiterate to both parent and student that this is a serious decision.

Dr. Oliveira provided clarification on the proposed band chorus honors track distinctions. Track 1 requires lesson program and recitals. Track 2 requires recital and 76 service hours for the year is time for time. Dr. Oliveira would prefer lessons, but presented a requested option without lessons.

Mrs. Desrochers stated that she has 2 children in the music program and will abstain from voting, however, she wants to be part of the conversation.

Mrs. Martin indicated that Mr. Francomano has been in touch with our attorney who is sending a letter to DESE on the Committee’s behalf to clarify the requirement.

Dr. Oliveira asked that the Committee approve changes to the HS Program of Studies without the music changes as it will not affect scheduling, and to hold this piece in abeyance for more clarification.

Discussion ensued that a vote had been taken on the budget with the music lessons included. Disclosure forms have been completed by Mr. Gee and Mrs. Desrochers who have children in the program and are on record.

- A Motion was made by Mr. Gee, seconded by Mrs. Desrochers, to approve the FY17 HS Program of Studies with the exception of the changes to the music requirement. All in favor.

**NEW BUSINESS (taken out of order):**

**HS Graduation Bus Transportation: Dr. Oliveira**

Dr. Oliveira indicated that all students will be bussed to Stonehill both ways for rehearsals at no charge. Busing for students to graduation will also be an option for families, also at no charge.

**Unfinished Business (taken out of order):**

**Retirement of Director of Finance: Process for search/timeline:**

Dr. Zielinski reported that the Director of Finance position has been posted School Spring, MASC, MASBO and published in The Boston Globe. The dates on the original proposed timeline have been pushed back.
for approximately one month. Mr. Jack Hathaway, Norfolk Town Administrator, will serve on this search committee.

Mrs. Martin nominated Mrs. Desrochers as chair of the search committee and Mrs. Desrochers accepted the nomination.

A Motion was made by Mrs. Martin, seconded by Mr. Killion to nominate Mrs. Desrochers as Chair of the Search Committee for the position of Director of Finance. All in favor.

New Business:

School Committee Self-Evaluation:
Dr. Zielinski indicated that the School Committee self-evaluation will be sent out the end of the week via survey monkey. If there is a change, Mrs. Martin will let the members know.

2016/2017 School Committee Meeting Date Calendar (1st Reading):
Mr. Gee inquired if 2 meetings will be held in December. Mrs. Martin indicated that only one meeting is required but the long stretch between a single December meeting and an early January meeting, as well as the potential for winter weather cancellations, can make it difficult to timely address the business of the district. She has found it better to pencil the second date in and if that meeting can be cancelled, it will be at that time. Dr. Zielinski indicated that the budget vote is due by 3/14 which would mean that the budget public hearing would be held on 2/27 and 3/2 would be snow day.

2016/2017 Unit C Paid Holiday Calendars:
Unit C 10-Month Employees (1st Reading)
Unit C 12-Month Employees (1st Reading)
Dr. Zielinski indicated that these calendars have been prepared per the current contract for planning purposes. Since Unit C is still in contract negotiations, pending any changes that may arise during negotiations, the calendars would have to be adjusted. Legal opinion is that they can be moved, but there is the potential that contract negotiations may change that. The consensus of the School Committee is to wait until negotiations have been completed.

Foundation Budget Review Commission Recommendation Resolution:
Tabled to March 21, 2016.

FY16 Budget Transfer Request

In a memorandum dated February 23, 2016, Mr. Schaefer requested a budget transfer between accounts to more accurately reflect where the spending occurred.

A Motion was made by Mr. Killion, seconded by Mr. Gee, that the King Philip Regional School District approve the budget transfer totaling $1,608,142.00 as presented by the Superintendent and recommended by the Budget & Finance Subcommittee. All in favor.

Public Participation:
Discussion ensued on healthcare and special education budget drivers. Ms. Lotito from Wrentham asked about the budget increase from $27M to $31M and why is the district asking for more than what we spent this year. Mr. Schaefer responded that these increases are Contractual increases, strongly conservative and overestimate what the costs are, and have never gone back to towns for supplemental funding. E&D also needs to be taken into
consideration in the calculations. E&D is used for special circumstances and needs to fund necessary expenditures and for capital expenditures these need to be approved by the three towns.

Discussion on healthcare costs and negotiations.

**Adjournment:**

At 9:06pm, a Motion was made by Mr. Gee, seconded by Mr. Killion to adjourn. All in favor by roll call vote. Yes (6); No (0).

Respectfully submitted,

Lisa B. Witkus
Secretary to the School Committee
