Re: Student Handbook 2017-2018

King Philip High School will include the policy below into our handbook. As soon as the new website is launched the appropriate URL will be included in the posted handbook. We have no further changes to the handbook for 2017-2018.

NON-DISCRIMINATION AND ANTI-HARASSMENT PROCEDURES

This is an abbreviated description of King Philip Regional School District's Non-Discrimination and Anti-Harassment Procedures. The full procedures can be found here:[URL]. The full procedure describes that interim measures may be available to protect the alleged victim and others during the investigation; the circumstances when referral to law enforcement may be appropriate; an assurance of how the District avoids conflicts of interest; the prohibition against retaliation; and the availability of other ways to file a formal complaint with state or federal agencies.

It is the policy of King Philip Regional School District to maintain a learning environment that is free from harassment or discrimination of any kind, including sex-based harassment. It is a violation of this policy for any member of the school community to harass or discriminate against another individual as outlined in this policy. Any allegation of harassment or discrimination will be investigated, and, if a violation of this policy is substantiated, disciplinary action will be taken. All reports of harassment or discrimination shall be investigated promptly, impartially and in a manner which will preserve the confidentiality of all concerned to the extent practicable under the circumstances.

Any employee, student or third party who believes that he or she has experienced harassment or discrimination on the basis of his or her actual or perceived race, color,
creed, ethnicity, religion, national origin, sex/gender, homelessness, disability, sexual orientation, gender identity or age or who has witnessed or learns about the harassment of or discrimination against, another person in the school environment, should inform the principal of the relevant school site or appropriate discrimination/harassment complaint official immediately or as soon as possible. The King Philip Regional School District further does not deny equal access to or a fair opportunity to meet, or discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code as a patriotic society.

I. Reporting Responsibilities

Everyone in the school community is responsible for immediately reporting incidents of harassment, discrimination and/or retaliation, by anyone, in any form, that are directed at or witnessed by them at school or at a school sponsored event or of which they otherwise learn. Failure to cooperate with an investigation of such an incident will result in disciplinary action. Deceptive reporting may also be subject to a disciplinary response.

An individual may report to either the principal of the relevant school site or appropriate discrimination/harassment complaint official at his or her discretion. Students may additionally report incidents that they believe involve harassment or discrimination to their guidance counselor, any teacher, administrator or any member of the support staff, and the staff member will refer the complaint to the principal or the discrimination/harassment complaint official. If a School Guidance or Adjustment Counselor, School Nurse, or any member of the teaching staff is contacted concerning a complaint or possible complaint, he/she should refer the matter to the principal immediately. Staff who observe conduct which violates this policy are to report the conduct to the principal immediately.

If one of the discrimination/harassment complaint officials is the person alleged to be engaged in discrimination/harassment, the complaint may be filed with one of alternate officials or any other school employee the student or employee chooses.

The discrimination/harassment complaint officials for the King Philip Regional School District are the following individuals on a district wide level:

Title II/ Section 504 (disability), Title IX (sex), Age Act, Boy Scouts Act

II. Procedures for Investigating

Retaliation in any form for the filing of a complaint or reporting of harassment or discrimination is prohibited and will result in serious disciplinary action.

When a complaint of harassment or discrimination is received by the District, that allegation will be promptly investigated in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and to the extent consistent with the law and collective bargaining agreements. The grievance officer or discrimination/harassment complaint official will inform witnesses and others involved in the resolution process of the importance of maintaining confidentiality.

The specific procedures to be followed in conducting the investigations are set forth more fully below.

1. Any staff member who receives a complaint verbally or in writing concerning harassment or discrimination or observes conduct which he/she believes may constitute harassment or discrimination is required to document the complaint and refer it to the school principal or discrimination/harassment complaint official immediately. Although the King Philip Regional School District encourages a written complaint, use of a formal reporting requirement is not required. Oral reports will be considered complaints as well. The principal or discrimination/harassment complaint official shall ensure that the report is documented in writing within two (2) days of receiving the complaint. The principal must send copies to the relevant discrimination/harassment complaint official within two (2) school days.

2. A student who has a complaint against another student may, if he or she chooses, use the informal process in order to resolve the complaint on a personal level, unless the complaint involves allegations of sexual assault. An employee who has a complaint against another employee may use the informal process, unless it involves an allegation of sexual assault. A student who has a complaint against an employee may only use the formal process. The King Philip Regional School District will determine within forty-eight (48) hours whether the alleged victim wants to utilize informal procedures.

3. If the alleged victim or the alleged perpetrator chooses not to utilize the informal procedure, or feels that the informal procedure is inadequate or has been unsuccessful, he or she may proceed to the formal procedure. The informal process is completely voluntary and individuals can opt-out at any time.
4. The informal process will be a voluntary conversation between the alleged victim and the alleged perpetrator, which is facilitated by a school employee or by a designated discrimination/harassment complaint official. If the alleged victim or alleged perpetrator is a student under the age of eighteen (18), the facilitator will notify the student’s parent(s)/guardian(s) if, after initial consultation with the student, it is determined to be in the best interest of the student. If the alleged victim and the alleged perpetrator feel that a resolution has been achieved, then the conversation remains confidential and no further action needs to be taken. The voluntary conversation must occur within five (5) workdays after receiving the complaint of discrimination or harassment. The results of an informal resolution shall be maintained by the facilitator, in writing.

5. If the alleged victim does not want to deal directly with the alleged perpetrator, or if the matter is not resolved informally, the complainant should immediately notify the school principal or the discrimination/harassment complaint official for formal resolution.

6. For a formal complaint, the alleged victim (or complainant, if not the alleged victim) will be asked to complete the incident form which begins the formal investigation process conducted by the school principal or the discrimination/harassment complaint official. If the alleged victim is not able to complete the form, the principal or discrimination/harassment complaint official will complete it and ask the alleged victim to sign it. If requested, a Guidance/Adjustment Counselor, a School Nurse, or a School Psychologist may assist a student in completing the incident form.

7. During the investigation, the school principal or discrimination/harassment complaint official will:
   - Keep the investigation group as small as possible to protect the rights of all parties and to prevent the investigation from becoming overly publicized and to protect the alleged victim (in addition to the complainant, if not the alleged victim) from retaliation.
   - Complete the investigation as soon as possible from the date that it is reported, but no later than thirty (30) work days from the date of the complaint or report, unless impracticable. The investigation will include interviewing the complainant, the alleged victim (if different than the complainant), the alleged perpetrator and such other person(s) named by the complainant, alleged victim (if different than the complainant), or the alleged perpetrator who may have witnessed or have information pertaining to the incident. An opportunity will be provided for all parties to be heard and present witnesses.
   - Throughout the investigation the District will maintain on-going contact with the alleged victim. In determining whether the alleged conduct constitutes a violation of this policy, the school principal or discrimination/harassment complaint official shall consider the age and level of understanding of the student(s) involved, surrounding circumstances, any relevant documents, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in
which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of the District’s policy prohibiting discrimination or harassment based on the actual or perceived protected class status of a student, employee or third party, requires a determination based on all of the facts and surrounding circumstances. Given that victims often experience continuing effects of harassment in the educational setting, during the investigative process the District will consider off-campus conduct to determine whether there is a hostile environment on campus.

8. After completing the investigation, the school principal or discrimination/harassment complaint official will conclude whether a violation of the policy has occurred or not; complete the written investigation report form and send copies of the report to the discrimination/harassment complaint official, if the school principal is conducting the investigation, the superintendent, the alleged victim (in addition to the complainant, if not the alleged victim) and the alleged perpetrator. The report shall include:
- a statement of the allegations investigated;
- a summary of the steps taken to investigate the allegations;
- the findings of fact based on a preponderance of the evidence gathered;
- the District’s conclusion of whether discrimination or harassment did or did not occur;
- the disposition of the complaint;
- the rationale for the disposition of the complaint; and
- if the District concluded discrimination or harassment occurred, a description of the District’s response.

The school principal or the discrimination/harassment complaint official shall determine whether the allegations have been substantiated as factual and whether they appear to be violations of this policy, using a preponderance of the evidence standard. A “preponderance of the evidence” means that it is more likely than not that the alleged conduct occurred.

If the complaint is supported, the report should recommend what action, if any, is required and will identify what steps the District is going to take to prevent recurrence of any discrimination, or harassment and to correct its discriminatory effects on the complainant and others, if appropriate.

9. Formal disciplinary actions shall be imposed in the event that the preponderance of the evidence indicates that the alleged conduct occurred. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement. The seriousness of the offense, including the nature and degree of harm caused, shall be considered when deciding the appropriate disciplinary action.
- If the person alleged to have violated this policy is a staff member, possible discipline includes, but is not limited to, letters of reprimand, reassignment, and other disciplinary actions, including suspension or job termination.
- If the person alleged to have violated this policy is a student, possible discipline includes reprimand, classes or instruction on appropriate behavior, counseling, class transfer, detention, suspension or expulsion, consistent with the Student Code of Conduct.
- Any discipline of students will focus on changing behavior and ensuring that students learn about the impact of their behaviors and attitudes. Possible remedial action includes:
  o Interventions for the alleged victim, such as counseling, academic support, health services, assigning an escort to allow the student to move safely between classes, and instruction on how to report other incidents of discrimination or harassment.
  o Training or other interventions for the larger school community to ensure that students, staff and parents understand the types of behavior that constitute harassment or discrimination, and how to report it.
  o Interventions for the individual who engaged in the conduct, such as parent notification, counseling, guidance, education about the impact of the conduct, positive behavior support, referral to a student success team, transfer to alternative programs, denial of participation in extracurricular or co-curricular activities or other privileges, and discipline.
- If it is established that the conduct involves a violation of law, report the matter immediately to the appropriate law enforcement authorities.

10. Appeal Procedure
- The alleged victim (or complainant if different than the alleged victim) or alleged perpetrator has the right to appeal the decision of the Superintendent in writing within two (2) school days after the decision is formally made. The Superintendent of Schools will respond in writing to the alleged victim (or complainant if different than the alleged victim) or alleged perpetrator within ten (10) school days.
