Members of the KPTV and KPSN recently competed in the Boston/New England Chapter of The National Academy of Televisions Arts and Sciences Emmy Competition. King Philip walked away with tow Emmy Awards. The first award was for Tim Crowley’s KPSN segment, “The Road to Gillette.” Tim directed, wrote, and edited the piece; and it was filmed by Nolan Foxx and Holly Heinz. The second Emmy was awarded to Leah Crowley for the category of “General Assignment-Serious News.” Leah won for her piece on “#2069.” In addition, other segments from KPTV and KPSN also received 12 Honorable Mentions. This contest spans all of New England, and KP received the most entries out of any in the entire country. The Emmy winners will now move on to the National competition which won’t take place until October. The Language Arts department commends all the students and Jodie for the hard work they put in each and every week. We wish them the best of luck.

Dr. Elizabeth Zielinski, Superintendent
King Philip Regional School District
18 King Street
Norfolk, Ma 02056

Dear Dr. Zielinski,

We would like to take this opportunity to express appreciation for the use of your building, which served as a host site for our recent 2018 MICCA Concert Festival. Your facility provided a venue for a music education event at which 8,600 student musicians and their directors participated.

The purpose of the Massachusetts Instrumental and Choral Conductors Association is to encourage and support the development of elementary, middle, and high school performing ensembles. The MICCA Concert and Choral Festivals use a rubric-based system to give students and their directors valuable feedback to improve the instruction and learning in their individual programs. By hosting the MICCA Concert Festival, your music teachers serve as role models for others. MICCA commends them for their work with young musicians and for their desire to bring high quality professional development to their own schools as well as visiting schools.

MICCA supports the highest educational standards for music performance in our state. School districts available in helping to foster this vision are most valued and appreciated.

All of your staff, including music staff, custodial, parent support organizations and student groups were gracious, helpful and knowledgeable. Their assistance was key to the success of our event, resulting in a productive and rewarding weekend for all involved.

Thank you once again, and best wishes for a successful end to the school year.

Sincerely,

Karen Forrest
