King Philip Regional Middle School
Remote Learning Contact and Engagement Report

Michelle Kreuzer, Principal
Kyle Alves, Assistant Principal

Technology:

- 100% of students have been contacted regarding computer and internet access
- 252 students have reported that they are sharing technology with a sibling and/or parent
- 34 computers have been loaned to students
- 5 students have had issues with WiFi access (we have provided paper packets to these students and will reimburse 2 parents for hotspot access

Student Engagement in Remote Learning:

- 100% of students have had some contact with their teachers (sent PD to 2 homes)
- 86 students have been identified who may require intervention beyond teacher contact to complete their remote learning activities
  - Of the 86 students, 10 students have had minimal engagement -- Guidance and faculty are using multiple ways to increase engagement (i.e. constant guidance contact, liaison contact, teacher contact, and admin contact)
  - Of the 86 students, 3 students have been engaging in about ½ of the learning activities -- Guidance Counselors have been working with these students to increase engagement
  - Of the 86 students, 73 students have required minimal intervention beyond teacher communication to engage in most of the remote learning activities
