School-Wide

Term 2 is well underway and students are settling into their routines- it is looking to be a great year. The high school has been active with performances, events and ongoing preparations for the winter season across clubs, academics and the arts.

Sports

The KP boys football team capped off an incredible season by winning the Division 3 State Championship with a 21 to 10 victory over North Attleboro. It was an exciting finish and a great moment for the team school and community.

Music

The Drama Department had a successful run of Mary Poppins with performances on December 5, 6 and 7. Students and staff put on three fantastic shows and the production was a highlight of the season. On December 13 the Music Program presented the 2025 Winter Pops Concert featuring the Concert Choir, Percussion Ensemble, Jazz Ensemble and Concert Band. Earlier today the Jazz Ensemble visited Wrentham Elementary and KP Middle School for its annual Jazz Tour and on December 19 they will be recording for their Essentially Ellington Festival application.

GAPS

The Grady Auditorium Production Staff has had an extremely busy and impressive fall season. Over the past two months students provided technical support for School Committee meetings, the Wrentham and Norfolk Town Meetings, the PRISM concert, the Air Force Band performance and the Mary Poppins musical. This past week GAPS supported the DECA Induction Ceremony, the Middle School Holiday Concert, the High School National Honor Society Induction and the Prospect Hill Country Day School Holiday Show. In the coming days they will also support the High School Holiday Jazz Concert and the inaugural Middle School Junior National Honor Society Induction. The team continues to show strong dedication, skill and problem solving across every event.

Art National Honor Society

The Art National Honor Society made and is selling ornaments to fund their organization's community service projects and senior scholarships. This year's ornaments are turquoise selling for \$5 and ornaments from previous years are \$2. You can contact Ms. Cress if you are interested in making a purchase and supporting the arts.

Class of 2029

The Class of 2029 is planning to host a freshman basketball tournament on the Wednesday of ALE weeks and is working on finalizing the event details.

KP Cares

KP Cares is actively leading the annual Giving Tree which is supporting almost fifty families this holiday season. More than five hundred gifts have been purchased by students, educators and community members. Gifts are being organized by board members on Friday December 12 and were wrapped by volunteers on Saturday, December 13. KP Cares has also been involved with Gilly's House through Thanksgiving events and food donations. recently helped seniors at the Norfolk Senior Center. KP Cares members also supported the Wrentham Development Center's Holiday Luncheon on December 9.

Crochet Club

Crochet Club continues to hold its weekly Tuesday meetings where members work on ongoing projects in a relaxed creative space.

DECA

DECA recently hosted its annual DECA Breakfast on December 10th, where students and families gathered with administrators to celebrate the start of the competitive season.

Student Council

Student Council hosted a Babysitting Night on Friday December 12 that welcomed more than one hundred children from across the Tri Town communities. It was a huge success and they are grateful to all volunteers, especially the clubs that set up activity tables and helped make the night enjoyable for everyone.

This month there are many activities. Student Council will be hiding the elf Kevin around the school and students who find him first and answer a riddle will receive a small prize. Holiday Spirit Week is coming up soon with themes shared through morning announcements and social media.

StuCo will also be holding a bake sale after school on December 17. And on December 23, they will host Hot Chocolate Day where students can enjoy a cup of cocoa while the band plays festive music. That same day during the lunch block they will run their Polar Plunge Fundraiser Lunch Party with activities including teachers taped to the wall ,music and the sale of mentee bracelets all to support their Polar Plunge fundraising efforts.

Lastly, Student Council is continuing preparations for hosting the SEMASC Winter Conference in February.

Hi Rich and Venessa,

Per our SC policy, DNB, we need to deem the old POS registers from the cafeteria surplus so we can dispose. Can we add this for December 15 or it can wait till January. Thank you!

Hi Jill,

When trying to update our POS registers to the newest version of Windows our IT department determined that our machines could not be updated. The registers were purchased in 2017, pioneerpos model: CYPUS. Attached please find pictures of the old POS register.

Thank you,

Joyce

Hi Joyce,

We need to have the SC deem that as surplus and then we can suggest they are disposed of if they are of little or no value. Please write up a blurb (i.e. estimate age, model, etc.) and attach pics and send it to me. I'll bring it to the board at one of our meetings.

Thanks

Hi Jill,

Do we have to do anything special with the old POS registers? I was going to reach out to IT to ask the best way to dispose of them but wanted to make sure I wasn't missing anything.

Thank you,
Joyce

Hi Rich,

This is the motor and steel beams for the proposed wrestling mat lift system that I need deemed surplus to dispose of. If we could add December 15, 2025 as an agenda item under me.

Thanks

Hi

Attached are 4 photos of old equipment we had moved out of the way this past summer. This has been in the storage room since the building was finished back in 2007 and was intended to be used as a wrestling mat lift system. I am told that the gym teachers back then fought against hanging this up on the walls due to safety reasons. Since then we have juggled the wrestling mats and moved them seasonally to the least invasive storage location. We will not need this equipment and due to its age and liability of the use, I don't foresee any vendor coming to KP and installing it for us. Gary is copied since this was originally ordered as athletic equipment, but I wanted to get the ball moving so we can make a plan to remove it. The photo below is a rough sample of what I believe this system to be.

Let me know what would be our next steps to get rid of this surplus equipment. Thanks Jill
Joe
