

King Philip School Committee 2026-27 Goals

The School Committee will:

1. Support the continued development of student-centered learning to increase engagement and critical thinking skill set.
2. Strengthen and monitor two-way communication to promote understanding of needs and increase collaboration among the school district, families, the tri-town community and its leaders.
3. Create and implement a capital improvement plan that meets the needs and goals of the school district. Approve and monitor fiscally responsible accounting of budgets.
4. Instill a culture of wellness and create a sense of belonging to support social-emotional learning, and to promote self-awareness and responsible decision-making.
